OUTLAWS

## *Outlaws*

The Outlaws of Alpha Detachment continue to ensure their name will be in every conversation about perfection and “What Right Looks Like.” There was no shortage of motivation this month with all the awards, promotions, and training that took place. The year is almost through and the Outlaws are going

strong as ever. Whether its giving PT, training, or executing one of their many missions, the Outlaws are turning heads and leaving their mark wherever they go.

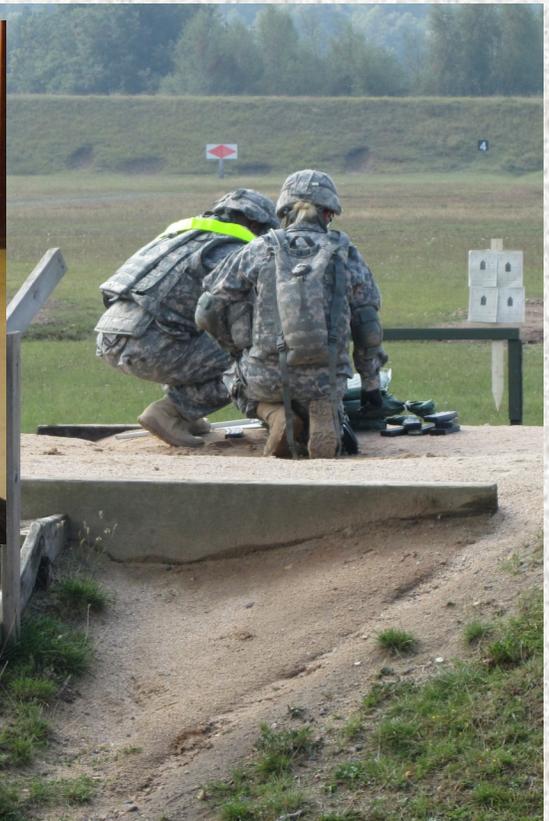

### M16 Range

At 0500 PVT Joe Snuffy is still tucked away in his bed having wonderful dreams about sleeping. But little does he know that the Outlaws of Alpha Detachment are gearing up to run a M16 range. The day before, the Soldiers were given specific time-lines on what needs to be done. Not only did the Outlaws execute each task, they were ahead of schedule. Through com-

munication and teamwork they loaded the vehicles, set up the range, zeroed their weapons, qualified, cleaned up, and convoyed back to the office. The motivation was evident in the office as each Soldier pulled their weight to ensure the range was run properly. The Outlaws scored amazingly, walking away with 9 Experts, 4 Sharpshooters and 3 Marksman. The Outlaws did an outstanding job as they reminded all of USAEUR why 106<sup>th</sup> FMSU Alpha Detachment is the standard.

# Outlaws

### *SPC Chapple and SPC McPhail*

The Outlaws are pleased to announce the promotion of two well deserving individuals. SPC Chapple and SPC McPhail have crossed the threshold from Privates First Class to the rank of Specialist. Having attended AIT and arriving in Germany within weeks of each other, it has been a friendly competition on

who would earn the promotion first. Always respecting their counterpart, SPC Chapple and SPC McPhail helped and encouraged each other to reach higher and be better than the day before. These two Soldiers are well on their way to becoming great leaders. The Outlaws of Alpha De-

tachment congratulate the both of you.

# *A Det*

## *Combined Endeavor*

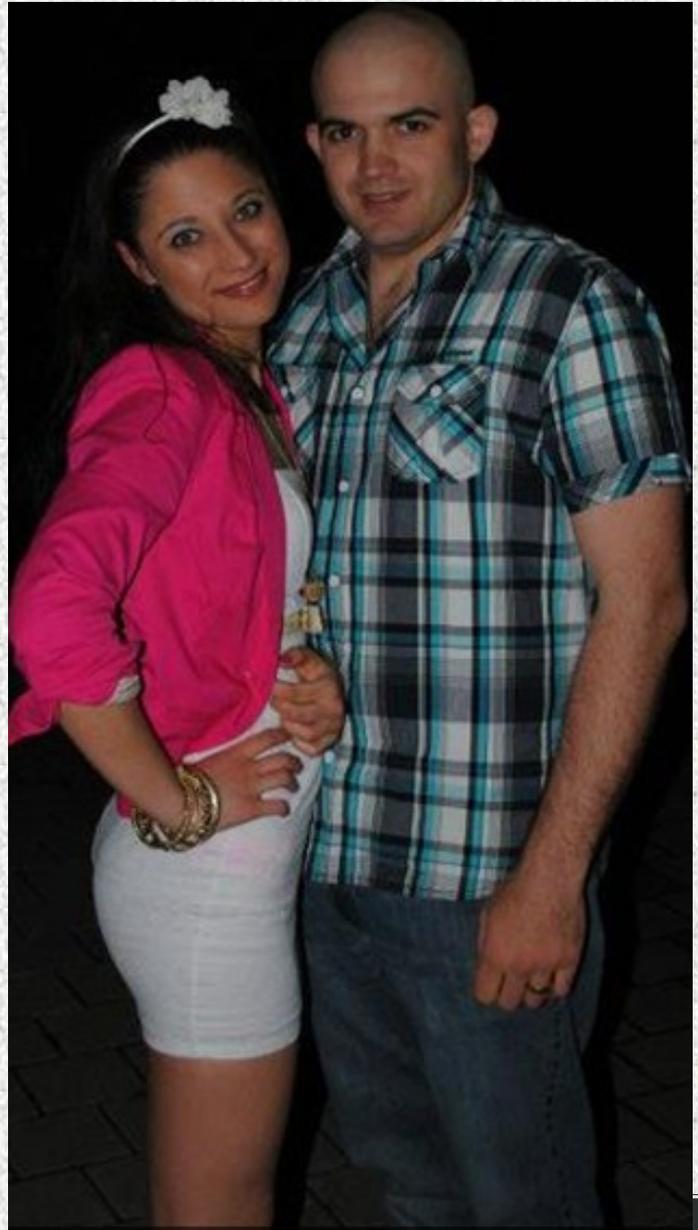

Soldiers from all over the world have come to train in Grafenwohr Germany during the Combined Endeavor Mission. All come to train and to interact with their foreign counterparts, but for some, this is to get them combat ready. Countries must be certified in the scenario set forth before they are able to deploy down range. Like every mission, Finance is there. SPC Rodriguez and SGT Tchimou were handpicked to fulfill this particular Finance mission. Their role was to collect the funds from the nations for the services rendered. Each morning SPC Rodriguez and SGT Tchimou met and the Combined Endeavor site to process many transactions. When asked his opinion on this mission, SPC Rodriguez said, “This detail has been one of my favorites so far. Not only am I doing the job I love, but I’m able to interact with Soldiers from all over the world. I’m very proud to be able to represent the Army and my Country.”

## *SPC Yates — DUTY*

The Outlaws are proud to announce the Army Value Soldier of the month is SPC Yates. It is no secret that SPC Yates exemplifies the Army Value “Duty.” But with a sunrise is a sunset. SPC Yates is also leaving Outlaw Country for Ft Bliss, TX. It’s been said countless times that SPC Yates is definitely a hard worker. Being proactive is his way. He is always searching for improvements that ultimately benefit the unit and never leaves a mission uncompleted. SPC Yates is a subject matter expert in areas ranging from Eagle Cash Cards to Motor Pool Operations. Being one of the more colorful characters in the Detachment, SPC Yates is a Soldier that can be counted on to boost the moral. It’s unclear on what will be missed more, his knowledge or off-the-wall, yet relevant Safety Brief comments. He’s a great Soldier and friend. He’s a person who is missed well before he leaves. Good luck SPC Yates. Whatever you become in Ft. Bliss, you will always be an Outlaw.
