MEMORANDUM FOR Newly Assigned Personnel

SUBJECT: Welcome to the 15th Engineer Battalion

1. On behalf of the Soldiers and Families of the 15th Engineer Battalion, I would like to welcome you to the only Engineer Construction Battalion in Europe. We proudly serve as Soldiers of the 18th Engineer Brigade and 21st Theater Sustainment Command. Our battalion conducts general engineering operations in support of U.S. Army Europe (USAREUR) and operations worldwide. Currently, our battalion is proudly serving in support of Operation Enduring Freedom.
2. The 15th Engineer Battalion has a long and proud history. We re-activated on 16 July 2008 and have since executed many exciting missions that contribute to our battalion's great legacy. When in garrison, we execute a wide spectrum of Engineer missions throughout Germany as well as the 92 countries and territories within USAREUR's area of operation. We are always building our team into a highly trained, fully equipped unit that is ready to answer our Nation's call. Our foundation is our Army Values.
3. You have the fortune of being assigned to one of the most versatile and capable Engineer units in the Army while located in the beautiful Franconia Region of Bavaria. Take every advantage of the rich tradition and history throughout the area. I promise you that it will be a wonderful and exciting experience.
4. Again, welcome to the 15th Engineer Battalion and to Germany. I am confident that your assignment here will be both personally and professionally rewarding. I look forward to having you on the "Drive-On" Team.

DRIVE ON!

A handwritten signature in black ink, appearing to read "C. Baumgartner", is positioned above the typed name.
