**VISION:**

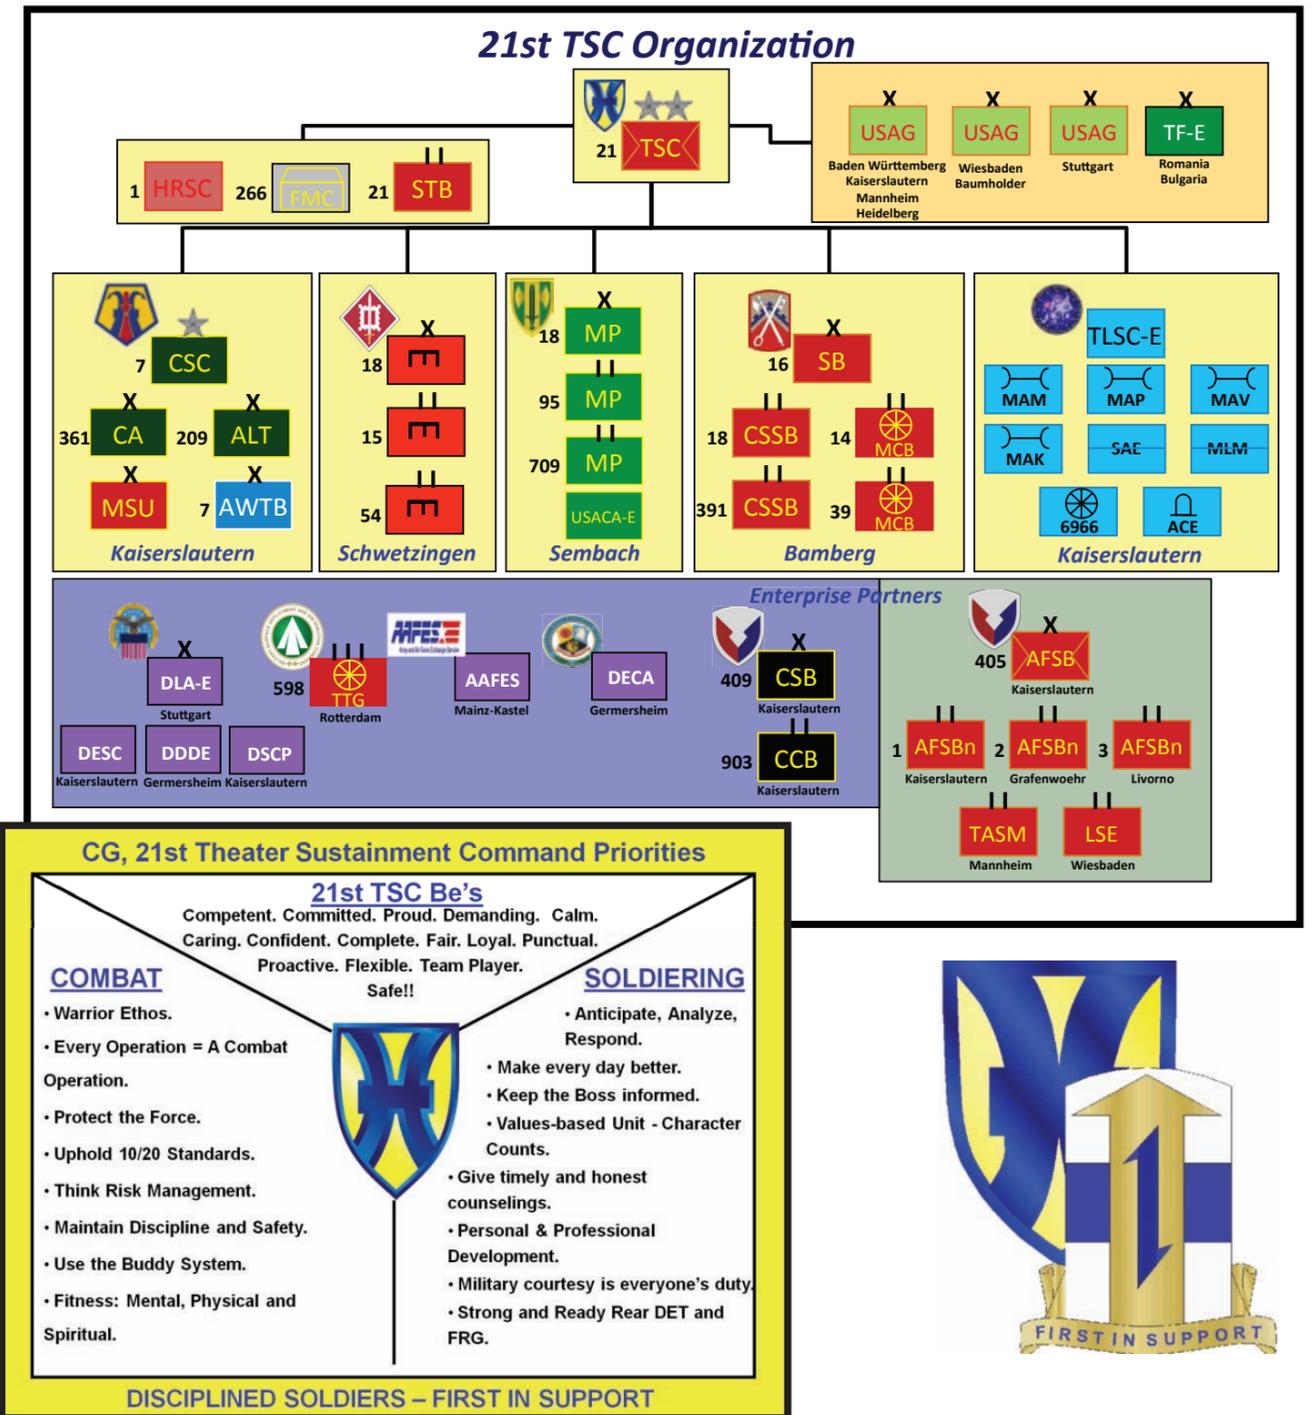

In order to credibly deter aggression and preserve stability, readiness is essential. To stay ready, our Soldiers must be led by strong leaders; trained across the spectrum from sustainment to combat operations; and conditioned to be mentally and physically tough. I have always believed leaders should do “what is legally and morally right”. Leaders create an environment of mutual trust and respect that enables members of the command to achieve their full potential.

**MISSION:**

21st Theater Sustainment Command provides combat and support capabilities, as well as theater sustainment support to USAREUR and, as directed, to USARAF/AFRICOM; supports theater opening, distribution, sustainment, reception, staging, onward movement and enables integration (RSOI); deploys on order; prepares to support Joint and Coalition forces and civil authorities; supports USAREUR’s theater Security Cooperation efforts within USEUCOM’s Strategy for Active Security.
