Welcome to the Kaiserslautern Military Community! We are delighted to have you join the KMC and hope that we can assist you in making the transition more comfortable for you and your family. You have been given handouts with helpful information regarding the items available to you from the Furnishings Management Office (FMO). We have also included pictures in this booklet to assist in your decision of what you may need temporarily until your household goods arrive to your new home. The photos are an example of our current inventory however, this is subject to change as new inventory arrives. Please remember that these items will be in your home until after your household goods arrive, so we advise that you plan accordingly for storage space.

We hope you enjoy your tour here, and please do not hesitate to let us know if we can be of any additional assistance!

Very Respectfully,

Mrs. Tammy Hardt
Chief, Furnishings Management Office
