639 JMTC WARRIOR- LEADER COURSE GRADUATES

FACT

Since 2003, the JMTC's NCOA has trained more than 639 Soldiers during Warrior Leader Course Training. Not only do the forces from Europe and Asia develop their NCO Corps capability, nations like Poland and Romania have instituted their own Academies in their home countries, which demonstrates the value of the U.S. lead training with all resources and facilities provided by the Joint Multinational Training Command.

4

The JMTC directly supports NATO, International Security Assistance Force and CENTCOM. More than 5, 000 multinational Soldiers have completed Operational Mentor Liaison Team training at the Hohenfels Training Area to support ISAF since 2006. These numbers continue to grow as the need in the region persists based on support to missions in Afghanistan.
